

DG03-A3W-Series

18/7 Commercial Displays

Transform your menu presentation with dynamic digital signage. Easily update and manage menu content in real time, capture customer attention with vibrant visuals, and enhance the dining experience with engaging, interactive displays.

Key Features

Superior Display Technology

178° wide viewing angle and fast response time, delivering high color accuracy with no ripple distortion under pressure.

Built-in WiFi

Effortlessly connect your display to the internet and our CMS through the network, simplifying content updates and management.

18/7 Performance

Our digital signage display delivers 18/7 performance with reliable, high-quality visuals.

Clean-Cable Chain Design

Effortless installation and maintenance.

4K Resolution

Offers four times the clarity of Full HD, delivering content with greater realism and detail.

Landscape & Portrait Installation

Designed with VESA mount holes, this allows for versatile product installation methods and expanded content display options.

Advanced Content Management System

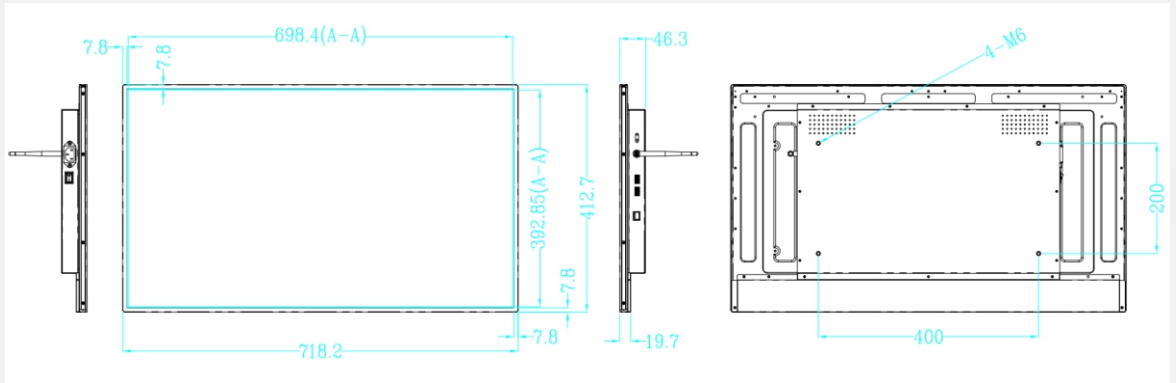

Our CMS offers seamless control over your digital signage, enabling easy scheduling, updates, and customization. With a user-friendly interface and powerful features, it ensures your content is always fresh, engaging, and perfectly tailored to your audience.

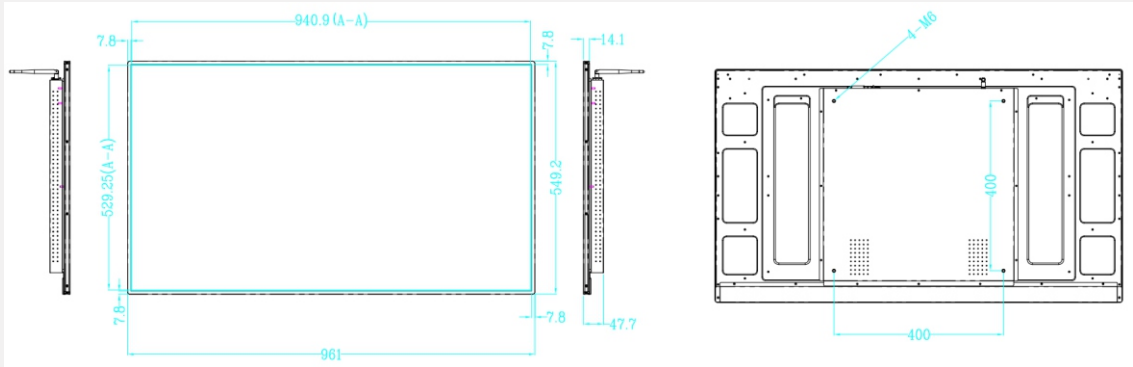

High Brightness Anti-Glare Display

Featuring high brightness and a 25% haze surface treatment, this display enhances content visibility in any indoor lighting conditions.
